## Quarantine Measures and Update on Flight Restrictions

### New South Wales

A mandatory quarantine fee will apply to international travellers returning to NSW and needing to quarantine.

Mandatory quarantine is needed to stop the spread of COVID-19 in NSW.

## Victoria

Victoria is not accepting any international flights at this point in time. This is subject to change depending on the developments over the coming weeks.

## Queensland

Mandatory quarantine is needed to stop the spread of COVID-19 in Queensland.

You will need to stay at a government arranged hotel for 14 days unless you have received an [exemption](#), which is rare.

If you arrive in Queensland by air you will be transported to your arranged hotel. If you are crossing the border via road you need to drive yourself directly to your arranged hotel without stopping.

For your own safety you will get tested for COVID-19 during quarantine. If you refuse, you will need to stay for longer at your own expense.

At the end of your quarantine, you will have to pay the cost. Payment plans are available. You may also be eligible to apply to have the quarantine fee waived.

The quarantine fee includes your accommodation and daily meals. It costs \$2,800 for 1 adult, \$3,710 for 2 adults, and \$4,620 for 2 adults and 2 children.

At the end of your quarantine, you will get an invoice to pay within 30 days.
